

Health Certificate for Fish and Fish Products' Export

Description: Trade license is a mandatory document to start any business in Bangladesh. A business needs to declare itself as an exporter in Trade License. A Trade License is issued by the City Corporation or Municipality's relevant office (e.g., Union Parishad or Pourashava). An exporter has to take a Trade License from the area where his business is located.

Legal Basis of the Certificate: FIQC Act 2020

[Fish Inspection and Quality Control Rules](#)

Responsible Agency: Fish inspection & Quality Control, Department of Fisheries

Applicability: Anyone who wants to export **fish and fish products** from Bangladesh
