[Description](#)

Bangladesh Customs under the National Board of Revenue is responsible for the Customs clearance process of imported goods. The procedure includes submission Bill of Entry in the Customs online system, documentary checks, importability assessment, physical inspection (for selected consignment), duty-tax assessment, duty-tax payment, etc. After duty-tax payment, the importer releases the goods from the port by completing the necessary port clearance procedure. For plant and plant products, the Plant Quarantine Wing (PQW) of the Department of Agricultural Extension (DAE) issues Import Permit (IP) before the goods are imported and also issues Release Order (RO) by examining the goods (if applicable, simultaneously with Customs) after submission of Bill of Entry. All these documents are checked by Customs and the goods are released.

[Fees and Charges](#)

- Document processing fee: BDT 30.00 per Bill of Entry (Customs).
- Other applicable fees and charges are realized by the concerned port authority.
